### **Advanced Skin Renewal Exfoliant**

Bellamora's Advanced Skin Exfoliant delivers skin-smoothing results, equivalent to a professional microdermabrasion or peel, without ever leaving home. This enzyme based non-abrasive formula creates instant results to the skin and complexion.

#### **Benefits**

- Re-surfaces and polishes, for beautiful silky skin.
- Convenient, safe and affordable.
- Smooths and softens skin for a fresh, healthy glow.

### **Bellamora Collagen Cellular Repair Cream - Anti Wrinkle Cream**

Bellamora's ultra-hydrating blend of vitamins helps support collagen and repairs skin to a more youthful appearance.

#### **Benefits**

- Fortify cellular membranes to help increase resiliency and flexibility.
- Advanced formula provides thorough hydration to quench dry skin.
- Safety-allergy-dermatologist tested.
- Optimize your skin's collagen repair process for noticeably softer looking skin.

### **Directions For Use**

#### **1. Exfoliate with the Advanced Skin Renewal Exfoliant -**

Apply a thin layer to clean and dry skin. Rub into the skin in a circular motion for approximately 3 minutes. Rinse the treated area with a cloth and water until it is completely removed. For best results use every other day.

#### **2. Moisturize with the Collagen Cellular Repair Cream-**

Its advanced ingredients help accelerate the skin's renewal process for immediate and lasting results. This formula works well for all skin types. Apply a small amount on clean and dry skin. Do not remove or rinse off. Use twice per day.
