4										
5										

If you want to use the "lead with the business approach" your weekly ACTION Plan is to find 1 person a day (5/wk) who likes the 1 minute video on your lifestyle landing page and fills out the form. You will probably have to invite at least 5 people per day to watch the 1 minute video to find 1 who fills out the form. Send samples to that person and invite them to the Thursday night webcast (that means you should be inviting 5 people per week to the Thursday webcast). Follow up with your prospects after the webcast and get an educated answer from each of them. A= I am interested in the business B= I am interested in the products C= I not interested in either. If they are an "A", connect them to your Sr. Business Partner using a 3-way facebook message, have them added to the team page and enroll them into ACT!
